# Health, Equity and Sustainable Development

20<sup>th</sup> IUHPE World Conference on Health Promotion | 11 – 15 July 2010, Geneva, Switzerland

Health Promotion Switzerland and its partners are looking forward to host this important global public health event. The 20<sup>th</sup> IUHPE World Conference on Health Promotion will take place in Geneva, Switzerland. The aim is to reach beyond the public health and health promotion sectors and to provide an unparalleled opportunity to facilitate and advance the work related to health promotion and disease prevention in the context of sustainable development.

## Core issues

The conference will examine the problems of the following issues and work towards their solutions.

- **Sustainable environment and health:** What are the interlinkages between urbanization, environmental degradation, environmental justice and health development?
- **Equitable and sustainable health development:** Can equity and sustainable development be achieved through health promotion action on societal determinants?
- **Participatory governance:** What local and global partnerships do we need to strengthen health and sustainable development?
